A ROUND OF TALK.

Joyville's County Fair

Through the day's of parching sunshine, through the days of drenching rain, we have wrastled with the meadow grass, the garden truck and grain. At last we're on the journey for to claim our rightful share of the glory for the fair at the Joyville County Fair.

You that come from the city for to see the horse races. Needs't think you know the pleasures of our county meetin' place. For it's no one but us farmers has the kind of eyes to see.

What's the real inside good time of the Joyville jubilee. Mother brings some canned tomatoes, an' they stand upon a shelf. With her name in printed letters; an' the County Judge, he'll be there. Tries a spoonful, tries another, smiles an' says he'd like to state. Them's tastiest tangibles he ever, ever ate.

In the art hall, where the ladies go to see the latest styles. Sister's fancy work exhibit, bordered table cloths an' such. Draws a monstrous crowd of people, an' they praise it loud an' free. Tilt it's all in all the greatest day in Sister's history.

Down among the pens an' stables an' the heaps of fodder corn. Daddy got a speckled heifer with ribbon on her horn. Bud has took the silver medal in the watermelon line. An' the loudest rooster crown in the poultry house is mine.

You may about about St. Louis an' your Pan-American. With their lakes and lordly buildings an' their canal carvans. But I'll bet my crown rooster 'gainst your shoe lace, if you dare. That they ain't a little circumstance to Joyville's County Fair.

GETTING READY—The "McChord Guards," which is the name of the new Springfield Military Company, is being prepared to take part in the encampment at West Point the last of this month. The boys have been furnished their equipments and are being drilled regularly so that they will make as good an appearance as possible. The company has been assigned to the Second Regiment, Third Battalion, Major Lillard and Capt. Edmund Merritt were in command and the latter remained over to give some instructions in drilling and to otherwise get the company in shape for the encampment. Several of the soldier boys, by the way, appear to have repented what they call a rash act in signing enlistment papers and have discovered that they do not want to be soldier boys at all. They are evidently in it for it however and Capt. Howard McElroy has announced that unless they report for duty immediately they will be arrested and tried before court martial.

The balance of the members however are pleased with the job and are especially delighted with the prospect of a good time at the encampment.

WORKING THE ROADS—The working season is on and the various turnpikes throughout the county are receiving attention from the contractors who have agreed to furnish and spread the rock on the roads. The appropriation this year for road repairs is greater than ever before and the roads will doubtless show the effects of the extra expenditure. There is one thing to be remarked however about all of the work being done and that is the lack of system being manifested in the work. The road is simply being beaten and spread on the road without any regard for grade or depth of matter. Little attention is being paid to the ditches either which are really the most important thing about maintaining a good road. We still believe it would be economy for the county to employ an experienced road builder who is also an engineer and who could have the roads constructed in a scientific manner so that they will outlast and outwear any road built in the old slipshod manner.

SCHOOL OPENS—One would hardly have believed that there were so many children in the district as assembled Monday morning to have their names enrolled as pupils of the Springfield Graded School. Both the old High School building and the smaller public school house which are to be used as temporary quarters are almost filled and the attendance always increases from the first day. The corps of teachers now consists of Prof. George Colvin, principal, C. W. Stallins, Misses Sallie Carrioco and Emma Noonan. This arrangement will hold good for the first session of five months at the end of which time it is expected that the new building will be ready for occupancy. It is thought that since the new building is used and the school quarters are graded that several additional teachers will be required.

THE CHAMPION—Our clever County Clerk W. F. Booker has for many years enjoyed a local reputation as a teller of wonderful yarns all of which he vouches for as strictly true but on a recent visit to Tatham Springs he gained more laurels in that line and was declared the champion in a warm story telling contest in which he entered many others of wide reputation from all over the State. The particular yarn which was awarded first prize as related by Mr. Booker who gives his age at 81 years is about as follows: "I have here a most remarkable watch with almost a national reputation. It was purchased for me in Chicago in the year 1840 by Mr. E. L. Davison Sr., a former resident of this county. So great is the reputation of this watch for accuracy as a time piece that the chief train dispatchers on several of the railroads frequently telegraph to me for the correct time. This reputation was earned by the watch in a somewhat curious manner and although the incident may appear 'unreasonable' it is an absolute fact and can be vouched for by men of good veracity like myself. Several years ago when I was quite young and active I took occasion to climb a tree in my orchard to shake down some extra choice apples before doing so I removed my coat and vest and also laid my watch on the limb. There happened to be running in the orchard a young calf which attracted by the falling of the apples came up and began eating the fruit. After descending from the tree I looked about for my watch but to my distress found that article entirely missing and finally got its disappearance down as an unexplained mystery. Three years after that time when my calf had grown to a fine beef I had it slaughtered and to my astonishment and delight my long lost watch was recovered. It had been found securely lodged in the throat of the beef and upon examination was found to be still running having lost only three seconds of time in the three years. It is supposed that the animal in swallowing or going through the performance of chewing its cud had kept the watch, which is a stem winder, wound up."

Stomach Trouble.
"I have been troubled with my stomach for the past four years," says D. B. Beach of Clover, near Springfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have used them and feel like I feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by Haydon's drug store.

No sufferer of rheumatism would be without DR. CLASSE'S LINIMENT. If they know how quick it will relieve the pain and reduce the swelling. Sold by Wood & Campbell.

Distress After Eating Corned.
Judge W. T. Holland, of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating, great distress would invariably result, lasting for an hour or so and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by C. J. Haydon.

Ordered Into Exile.

Dispatches from Denver, Colo., state that Rev. Father John Cushing, who has been at war with Bishop Matz, of Colorado, for several years, was ordered into exile for the remainder of his life by Mgr. Falconio the Apostolic Delegate to the United States. It is alleged that Mgr. Falconio took this step to finally settle the trouble between the bishop and the priest, the former agreeing to pay the expenses of Father Cushing at the Trappist monastery at Gethsemane, N. H., on condition.

Father Cushing reached Louisville last week on his way to the monastery, and emphatically declared that he had been ordered there for life. He claims that the Apostolic Delegate did order him to remain at the monastery for a month, after which he would return to his Colorado charge. Speaking of him the Louisville Post says:

"Father Cushing is a priest of striking appearance. Tall and of impressive figure, he attracts the eye at once. His face is finely chiseled, and his hair is curly and gray. He is in very poor health and says that he is suffering from heart trouble. The least exertion fatigues him greatly, but he believes that the fast and quiet at the monastery for the next month will be beneficial to him. There he will do the brown cassock of the 'silent brotherhood, and will conform to the rigid rule of the institution.' Father Cushing is well known in Kentucky where he has been stationed. For a number of years he had charge of the Catholic church at Shelbyville, Kentucky. Standard.

What is Life?

In the last analysis knows, but we do know that it is under strain. Much of it is even slight, but it is a strain. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly readjusts this. It's gentle yet thorough. Only 25c at C. J. Haydon's.

The Pleasure of Eating.

Persons suffering from indigestion, dyspepsia or other stomach trouble will find that Kodol Dyspepsia Cure does what you eat and makes the stomach sweet. This remedy is a never failing cure for indigestion and dyspepsia and all complaints affecting the stomach and bowels. It is a powerful and effective remedy. When you take Kodol Dyspepsia Cure everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues. Sold by C. J. Haydon.

A Purgative Pleasure.

If you ever took Dr. Williams' Little Early Risers for biliousness or constipation you will find a purgative pleasure in them. These famous little pills cleanse the liver and rid the system of all without producing unpleasant effects. They do not grip, sicken or weaken, but give tone and strength to the tissue and organs involved. W. H. Howell, of Hinton, Tex., says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc." Sold by C. J. Haydon.

Tried For Assault.

William and Felix Smith, of New Hope, were tried in the County Court Tuesday on the charge of assaulting Will Ed. Hutchins, of the same place, a few days ago. Wm. Smith was held to answer before the grand jury and his bail fixed at \$100, which he promptly gave and Felix Smith was discharged. It developed at the trial, however, that Felix Smith had otherwise been connected with the affair and the charge of breach of the peace was preferred against him, while Paul Masterson and Edward Hutcheson were charged with carrying concealed deadly weapons, and firing them on the public highway and Wm. Smith was charged with carrying a concealed deadly weapon. The trial of these cases is set for next Saturday and the parties were released on their own bonds in the sums of \$100 each. Marion Matters

From The Falcon.
Mr. W. P. Bell has sold his confectionery business on Main street to his cousin, Mr. James Bell. Possession to be given on Sept. 22.

Mr. E. A. Wayne's farm on the Campbellville pike was sold Thursday to Mr. C. M. Crowds, of this city, for \$65,000. Col. R. E. Wayne was the auctioneer.

A sneak thief entered the residence of Mr. S. H. Grinstead Tuesday evening while the family was at supper, and stole a pocket book containing \$10 which had been left on a table in a room upstairs. So far the guilty party has not been found.

Mr. Joe Graham was married in Cincinnati yesterday a week ago to Miss Daisy McCain, of Clifton, Casey county, Ky. His bride was on a visit to relatives in that State and Mr. Graham's friends knew nothing of his marriage until the latter part of last week. The groom is employed with S. H. Grinstead & Co., and he and his happy young couple will make their home in this city.

Sam Hapcoek, a negro man who came here some time ago from Campbellville, went to the lot in front of Capt. W. H. Sweeney's home this morning about 9 o'clock and took off all of his clothing in plain view of the family and others. Chief Thompson was notified and caught the second about an hour later on the C. & O. railroad and placed him in jail. The only reason assigned for the act is an over supply of measles.

Mr. William Morgason is doubtless the champion watermelon raiser of this or adjoining counties. Yesterday he brought to Lebanon 21 melons, the smallest of which weighed 40 pounds and the largest 30 pounds. They were of the Mammoth Ironclad and Black Diamond varieties and were grown by Mr. Morgason on a mile and a half from this city on the Danville pike. On 14 acres he has raised over 1,500 melons and 150 of them weighed more than 40 pounds each; the others, however, were of good size and the quality of them all has not been surpassed by any melons on the market this year.

The Genuine vs. Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and substitutes that are on the market. W. S. Ledbetter, of Sireville, La., says: "After using numerous remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me. For binding, itching and protracting piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by C. J. Haydon.

A Young Hero.

It is not often that a thirteen-year-old boy possesses the presence of mind and true bravery such as was displayed by Arthur White last Saturday afternoon at Clifton. His grandmother, Mrs. W. C. Stockton, his mother, Mrs. James White, and his little sister, Emma, had just been rowed across Kentucky river by him on the ferry boat. The horse which the women were driving became unmanageable when the Woodford side was reached, and backed the buggy into the river where the water is fifteen or twenty feet deep. Arthur took in the situation in an instant and leaped.

ing into the water, first saved his little sister. He then swam to where his mother was sinking the last time, and taking her by the hand, said, 'Hold to grandmother with the other hand.' She followed his instructions and both were taken through the water by him to the boat. Mr. John Landon climbed upon the scene about this time and assisted Mrs. Stockton into the boat while Arthur swam to the bank with his mother. The horse was drowned but the buggy and harness were afterwards taken from the water. Our Ninevah correspondent writes us that this is the third horse to be drowned here within the last year. Mr. D. N. Dauchter, well known throughout Meigs and Sumner counties, W. Va., took lively view of his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. Battlefish Kentucky in Colors.

The Louisville, Henderson and St. Louis Railway has just had completed for distribution a large order of pictures of the Battlefish Kentucky, which is a work of art and should be in every Kentucky home. The picture is reproduced from a very fine large copyrighted photograph by Mr. Baroque Muller, the official photographer for the United States Navy, taken as the ship is leaving New York harbor for a cruise. It is done in colors, the grey lighter still showing its way through the carefully shaded green of the sea, and carrying at the top of her flag-staff, the stars and stripes in their natural white and blue. It is admirably suited for framing, but it is gotten out on heavy, five-ply enameled cardboard, it will prove an ornament to any home without framing. Six cents in postage sent to J. Irvin, C. P. A. of the popular Henderson Route, at Louisville, Ky., will bring this beautiful picture to your home.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"O. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. Gov. Beckham is giving out more promises about pardons. He and Congressman John S. Rhea, spoke to an audience of about 1,500 people yesterday at Hodgenville. In the course of his remarks, Gov. Beckham took occasion to say he believed with the Harrison county jury that Curtis Jett and Tom White were guilty of the murder of J. R. Marcum, and they would not receive executive clemency at his hands.

It looks as if now Curt Jett is in a fair way to be brought to justice for one of his crimes at least. After the introduction of a number of witnesses by both sides in the case of Curtis Jett at Cynthiana yesterday, Judge Osborne overruled the motion of the defense for a change of venue and the selection of a jury was begun. After exhausting the regular panel Judge Osborne ordered the Sheriff to summon a special venire of fifty men to appear in court this morning.

WANTED.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Plover for the cure of Indigestion, Dyspepsia, and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constipation, nervous depression, headache, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our bottles free of cost. If you never tried August Plover, try a 25 cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The present has just been introduced this year. Regular size 75 cents at druggists. G. G. Green.

It is utterly impossible for any one to feel well, to be strong and active when the kidneys are deranged. From this source arise all manner of troubles, the formation of more serious complaints are formed than from any other source. GAY'S-KIDNEY PILLS taken in time will cure all kidney complaints. In Bright's disease and diabetes it will prolong life, and by Dr. Campbell.

Forrest View

Some one of the correspondents of last week requested the other correspondents to write of various churches in their community. Consumption

The only kind of consumption to fear is "neglected" consumption.

People are learning that consumption is a curable disease. It is neglected, consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.
